

Consent in data usage

If you use this App a number of personal data will be processed. In particular, we process the data stored on the scanned document such as photo, name, address, date of birth, etc.. The data is processed to improve our algorithms for evaluating the authenticity of documents. For the verification it is necessary to collect personal data from the document. After checking and evaluating the document, all personal data is deleted. In the event of errors, the data is used for troubleshooting and then deleted. They are not passed on to third parties.

I consent to my personal data being processed for this purpose. Insofar as the document and the information contained therein contain references to my ethnic origin, religion or health (e.g. skin colour, headgear, glasses), my consent also refers to these details.

This consent is voluntary. I can refuse it without giving reasons and without fearing any disadvantages. I can also revoke this consent at any time in text form (e.g. letter, e-mail).

The revocation can be sent to the following addresses:
